

PUBLIC HEALTH *and* GREEN BUILDING INFOGRAPHIC SERIES

7

FOSTER CROSS-DISCIPLINARY TRAINING BETWEEN PUBLIC HEALTH, URBAN PLANNING, AND OTHER DESIGN DISCIPLINES

Cross-disciplinary training fosters effective collaboration among the diverse disciplines that contribute to creating healthy places to live, work, learn, and play.

May 2013

This infographic is part of a series that highlights seven recommended green health strategies to help improve our built environments and combat childhood obesity. Please view the full infographic at www.nccor.org/projects/greenhealth/infographic-gh.php
